Rotary Club of Mosman

[A short history of the Mosman Jigsaw Project](#)

Our major fundraiser for the last 2 years has been the design, production and sale of a jigsaw featuring Mosman. The idea of a double sided jigsaw was the inspiration of PP Mark Alderson. After some discussion the then President, Richard Vahtrick gathered together a committee of new members aided and abetted by PP Dieter Beck and PP Graeme Robinson. Although roles were fluid the design fell mainly to Graeme and Vann Daglan, liaison with the NZ based manufacturer to James Humphrey and sales to Ross and Therese Webb. In the design process the Local Studies Centre of Mosman Library were extremely helpful in searching for and then providing historic photos of Mosman.

COVID led to a high demand for the manufacture of jigsaw puzzles so despite getting our design finished and ordered in October 2020 it was not until around April 2021 that our 1500 puzzles were delivered. James, Vann, Ross and Therese as well as many other members of our club immediately started selling online, through Mosman markets and the Mosman Newsagency. In 2021 we sold approx 1020 followed by approx 200 in 2022. Currently sales are much slower but Ross and Therese are still pursuing sales at every opportunity.

A great project. Not only has it been an excellent fundraiser but also has been an opportunity for all members and in particular a group of new members too participate. And this was a real Mosman Community project under the lead of Mosman Rotary but with great support from people and organisations such as: Mosman Council, Mosman Camera Club, Mosman Local Studies Centre, and Anthony Coleman at Mosman Newsagency, as well as other local businesses.

Rotary Has You Covered!

When Narelle Barker broke her arm at our Clean Up Australia event at Terry's Creek in March, most of her medical expenses were covered by her own health insurance. Fortunately Rotary Insurance is covering any gap expenses so that she won't be out of pocket even for all the physiotherapy that is on-going.

All our Rotarians, their partners and volunteers are covered by the Rotary National Insurance Program when they are involved in officially constituted Rotary Activities. The cost of this insurance is included in our District dues. Rotary Insurance covers personal accident and travel (eg to projects, training, conferences and conventions), public and products liability and damage to property such as our BBQ and Epping Rotary marquee/ shade cover.

For further information before you travel and to make a claim, contact the District Insurance Officer, George Condell, from Crows Nest Rotary Club Mob: 0413 090 953 email: georgec@sterlinginsurance.com.au.

The District website also has more information <https://rotarydistrict9685.org.au/sitepage/club-services-administration-insurance>

Over the years I have been very grateful for the excellent insurance cover that Rotary provided for my many trips overseas and within Australia to attend Rotary meetings, conferences and conventions.

A colorful illustration for a car boot sale. In the center is the back of a yellow car with a large sign that says 'CAR BOOT SALE' in bold, stylized letters. To the left of the car, a woman with brown hair in pigtails, wearing a red dress over a white shirt, holds an acoustic guitar. Next to her is a wooden crate filled with various items, including a pink dress on a mannequin, a camera, and other small objects. To the right of the car, there is a clothes rack with a blue jacket, a pink shirt, and a pair of blue jeans. Further right is a hat rack with several hats, including a brown fedora, a yellow hat, and a red hat. Below the car, there is a small sign with three red roses.
